

COMPANY BIO

Stonewing Builders, Inc. is a Minnesota-based, woman-owned general contractor specializing in small to mid-sized facility upgrades for federal, state, and local public-sector clients. We support agencies and prime contractors with ADA and accessibility improvements, interior renovations, and targeted envelope, masonry, and concrete repairs—executed in occupied and operational facilities with disciplined planning, compliance-focused controls, and predictable schedules.

WHEN AGENCIES & PRIMES ENGAGE STONEWING

- Projects too complex for maintenance but too small for large capital programs
- Work requiring prevailing wage, certified payroll, or Davis-Bacon compliance
- Occupied or secure facilities requiring phased execution
- Multi-trade scopes under \$1M where coordination and documentation matter
- Situations where schedule certainty and clean closeout are critical

CORE COMPETENCIES
